NOTIFICATION.

ROYAL MILITARY COLLEGE, SANDHURST.

Entrance examination at Simla.

No. 3.—Intimation has been received from the Army Department of the Government of India that the usual entrance examination for the selection of Indian candidates for admission to the Royal Military College, Sandhurst, for the term commencing at Sandhurst in February 1928, will be held in Simla from the 10th to the 28th September 1927. The following information is published for the use of intending candidates :—

Object of Institution.

1. The Royal Military College is maintained for the purpose of affording a special military education to British candidates for commissions in the Cavalry, Infantry and Royal Army Service Corps of the British Service and to British and Indian candidates for commissions in the Indian Army. It is intended exclusively for those who desire to make the Army their permanent profession in life.

Anglo-Indian candidates are also permitted to compete at the entrance examinations under the same conditions as Indian candidates, but domiciled Europeans of pure European descent may compete at the Sandhurst entrance examination in England only.

Age limits.

2. Candidates must be between the ages of 18 and 20 on the 1st January 1928 and must state their ages *definitely*. No exception to the prescribed age limits can, in any circumstances, be made.

Qualifying examination and educational standard.

3. Candidates must be prepared to pass a qualifying examination, the detailed syllabus of which is printed as Appendix A to this notification. The general educational standard required is that prescribed for the diploma of the Chiefs' Colleges, a school-leaving certificate recognised by a Local Government, the Matriculation examination of an incorporated University or any higher examination.

Oral test.

4. Candidates will, in addition, undergo a special oral test which will be conducted by a Board of Officers convened under the orders of His Excellency the Commander-in-Chief. This test is to enable the Board to form an opinion as to the candidate's general character from the point of view of his suitability as an army officer.

5. Candidates will be examined by a Medical Board at Simla and will not be accepted unless

ation. Promotion physically fit for His Majesty's service. The general standard demanded is that laid down in Appendix B to this notification.

The Board has power—

(a) To pass the candidate as physically fit.

(b) To reject the candidate as unfit, but—

(i) In a case in which the defect can be cured by operation or treatment, to recommend that, if successful in the competition, he be re-examined by a Medical Board after such operation or treatment.

(ii) In a case in which the candidate is slightly below one or other of the conditions as to height, chest, girth, etc., enumerated in Appendix B and in which the Board considers that he is likely to attain the required standard before the time comes for him to be appointed to a commission, to recommend that, if successful in the competition, he be allowed to join the Royal Military College subject to the condition that, unless at the end of the course he is found to reach the standard which him increased age and height demand, he will not receive his commission.

(c) To reject a candidate as physically unfit.

A candidate who has been passed by a Medical Board as physically fit in connexion with the previous Army Entrance Examination will *not* be exempt from being re-examined by a Medical Board.

Candidates are required to attach to their applications *a medical certificate from a competent medical officer* to the effect that they come up to the prescribed standard, *and also a vaccination certificate* that they have been successfully (or twice unsuccessfully) vaccinated within the last five years.

Parent or guardians' declaration.

6. Candidates are required to furnish a declaration in the following form signed by their parents or guardians:—

"I, ——— father / guardian of ——— a candidate for admission to the Royal Military College, Sandhurst, am able and willing to pay the prescribed fees and meet the incidental expenses.

It is my intention to make the Army my son's / ward's permanent profession in life.

Signature of parent or guardian.

Free passage and travelling allowances.

7. Subject to the restrictions specified below, free passage will be admissible on the following occasions:—

(i) to selected candidates attending the medical and qualifying examinations in India from their homes and back;

(ii) when nominated to join the Royal Military College, Sandhurst, from their residence in Great Britain.

The amount admissible on account of railway, river and sea journeys within Indian limits will be restricted to one first class fare for each candidate. The amount admissible for road journeys will be restricted to the mileage rate of first-class civil officers when travelling on duty.

Applications for railway fares should be made to the Private Secretary to His Excellency the Governor of Madras. Passages by sea from India to the United Kingdom will be arranged by the Embarkation Commandant, Bombay, under orders from Army Headquarters.

No travelling allowance is admissible to candidates in connexion with their journeys to Madras or Ootacamund, as the case may be, for the purpose of interviewing His Excellency the Governor.

Accommodation at Simla.

8. Unless a Government building is available, candidates will be provided with private accommodation usually in a hotel at Simla. Candidates will be charged for messing, but the cost of the rent of the quarters will be borne by Government. Suitable arrangements will be made for those candidates who are precluded, by caste, from eating the food provided.

Candidates may arrange for quarters in the hotel other than those provided, but they will be liable for any additional cost incurred. Candidates will, on no account, be allowed to live elsewhere.

Parents or guardians must ensure that candidates are provided with sufficient funds to meet the cost of their expenses while in Simla.

In no circumstances will candidates or their parents, guardians, relatives, or friends, be permitted to interview any officer of the Army Headquarters Staff, other than the officer detailed for the purpose, or any other person connected with the examination or selection of candidates. An attempt to do so is liable to entail the disqualification of the candidate.

Voyage to England.

9. Selected candidates will be sent to England in charge of a British officer, who will be appointed by Army Headquarters, and who will meet the candidates at Bombay. Each candidate will hand over to this officer at Bombay the sum of Rs. 300 to cover the cost of expenses incurred during the voyage to England.

Return passages.

Indian Cadets who pass out of the Royal Military College, Sandhurst, in July annually, will, if they so desire, be granted return passages to India at Government expense, by private steamer. Any cadet however who, to suit his own convenience, does not take advantage of this concession by the 1st September of the year in which he passes out will be detained in Great Britain for passage by transport to India.

14 An allowance of 4s. a day, in aid of the expenses of messing, washing, and other contingencies, will be admitted as a charge against the public for each cadet so long as he is in residence at the Royal Military College. All other necessary expenses which cannot be covered by this allowance shall be chargeable to the parent or guardian of a cadet.

15 If a cadet is absent a whole term in consequence of rustication, a payment of £10 shall be required in lieu of the half-year's contribution for the privilege of his name being kept on the rolls of the establishment, and for a vacancy being kept open at the commencement of the next term.

16. If a cadet is rusticated or removed during a term, his daily allowance shall cease from the date of such rustication or removal, and the contribution made for the half-year shall be forfeited, unless otherwise specially decided by the Army Council.

17. (a) If a cadet is absent from sickness during a portion of the term, his allowance shall continue to be issued and credited to his account. 18 Parents or guardians of candidates are required to pay two-thirds of the estimated expenditure [i.e., either (a) £371-10-0, or (b) £516 -0-0], before the beginning of the first term of the Sandhurst course and the remainder one-third [i.e., either (a) £185-15-0, or (b) £258 0-0] before the commencement of the third term.

21. The aggregate marks will determine the cadet's place in order of merit when passing out for appointment to a commission.

22 To qualify for promotion to a higher term, a cadet will be required to obtain not less than 6* of the aggregate marks allotted to the term

To qualify for appointment to a commission from the third term, a cadet will be required to obtain not less than 6* of the aggregate marks allotted to the term.

To count marks in any subject, a cadet must obtain not less than 4 of the total marks allotted to that subject for the term.

23. At all examinations a deduction of marks, up to 5 per cent of the maximum, will be made for handwriting which is difficult to read. A similar deduction, up to the same limit, will be made for bad English spelling.

* This figure has been temporarily reduced to 5.

These deductions will not reduce below the qualifying maximum the aggregate marks obtained by the cadet.

24. A cadet who fails to obtain the qualifying minimum of marks for any term will REMAIN THAT TERM, and will forfeit all claim to compete for appointment to the Indian Army. He will be warned that if he fails at a subsequent examination he WILL BE REMOVED FROM THE COLLEGE.

25. In order to ensure due diligence during the whole period of residence, there will be an examination at the end of each term conducted either by the instructional staff of the Cadet College or by independent examiners.

26. When a cadet passes out of the Cadet College, the Commandant will certify that all debts have been paid.* In those cases where this certificate cannot be given, the granting of a commission will be liable to be withheld unless such debts are discharged.

27. All cadets are expected to pass the Regulation Army Test in swimming; those who cannot swim on joining the Cadet College must attend instruction in swimming. Any one who ultimately fails to pass the test will, at the discretion of the Commandant, lose not more than 200 marks he has gained in physical training.

28. The case of a cadet who misses an examination or part of an examination, owing to sickness or through no fault of his own, will be specially considered by the Commandant, who will report the action taken to the Under Secretary of State, the War Office. In no case should more than 70 per cent of the marks allotted to the examination missed be allowed.

29. Cases of protracted absence on account of ill-health will be referred to the War Office for decision.

At each final examination there will be awarded—

(a) The King's Medal and a sword to the cadet who passes out first on the list.

(b) The Norman Medal to the senior cadet appointed to the unattached list for the Indian Army.

(c) A sword of honour as a special reward to the most deserving cadet of the term.

(d) A prize for proficiency in each subject.

30. At the end of each autumn term, the Anson Memorial Sword will be given in lieu of an ordinary sword to the cadet who passes out first on the list.

31. A cadet who drops a term from causes other than sickness, unavoidable on his part, will forfeit all claim to prizes, to the King's Medal, the Norman Medal, and to the Anson Memorial Sword.

CADET SCHOLARSHIPS.

32. Twenty three cadet scholarships for the Royal Military College, to value, £30 each, will be open for competition half-yearly to cadets who have completed their first year of instruction at the Cadet College and who are sons of officers who gained their commissions through an Officer Cadet Unit during the Great War.

33. Cadet scholarships will be awarded to those cadets who are eligible under paragraph 32 and who are highest in order of merit according to the marks allotted under paragraph 37.

34. In the event of the number of candidates eligible under paragraph 32 falling short of the number of cadetships available, the remaining cadetships will be open for competition to cadets who are the sons of serving or retired officers of the Royal Navy, the Regular Forces and the Royal Air Forces.†

34A. A cadet who has been rusticated or who has dropped a term for other reasons than sickness (*see* paragraphs 54, 55 and 24) will not be eligible for a Cadet Scholarship.

36. The following marks will count towards Cadet Scholarships:—

(a) All marks gained by cadets in their first year which count towards the aggregate (*see* paragraph 20).

(b) Marks for each cadet who represents the Cadet College at sports at the rate of 100 marks for each "blue," and 50 marks for each "half blue."*

(c) Marks for promotion gained during first year at the rate of 200 marks for corporal and 100 marks for lance corporal.

37. While no enquiry will be made into the means of the parents or guardians of cadets, Cadet Scholarships are essentially designed to give assistance to those who stand in need of the emoluments attached to them. Parents or guardians of cadets will therefore be invited to resign the emoluments of a Cadet Scholarship should they be in a position to do so, retaining the titular distinction for their sons or wards. The emoluments so resigned will be offered to the next cadet on the list who is eligible. A list of cadets to whom Cadet Scholarships have been awarded will be published each half-year.

38. Should a cadet who has gained a Cadet Scholarship be subsequently expelled or removed, or dropped into a lower term than that in which he originally started on joining the Cadet College for other reasons than sickness (*see* paragraphs 54, 55 and 24), he will be called upon to surrender the emoluments gained as a cadet scholar.

A cadet scholar who forfeits his cadetship will be liable to refund such portion as may be determined by the Army Council of the financial benefits that he has received as a cadet scholar.

39. King's India Cadets and Honorary King's India Cadets will be permitted to compete for Cadet Scholarships, provided they are eligible.

SCHOLARSHIPS FOR OFFICERS APPOINTED TO COMMISSIONS IN THE REGULAR ARMY FROM THE ROYAL MILITARY COLLEGE.

40. Scholarships of the annual value of £50, tenable for five years, are granted to officers appointed to commissions in the Regular Army from Royal Military College, Sandhurst.

41. Six scholarships will be allotted half yearly, commencing with the Regular Army candidates gazetted in February 1925, which will make cadets joining the Royal Military College in August 1924 eligible to compete.

42. The following will be recipients† of these scholarships:—

(i) The cadet awarded the Sword of Honour.

(ii) The cadet passing out with the highest aggregate of marks.

(iii) The cadet, admitted to the College under Army Order 412 of 1923, obtaining the highest aggregate of marks.

(iv) The cadet passing out with the second highest aggregate of marks.

(v & vi) The two cadets recommended by the Commandant as the next most deserving on the grounds of all round efficiency.

43. Payment will be made by the Army Agents of Paymaster issuing the officer's pay, in ten instalments of £25 each issued half-yearly in advance. The first payment will be made on the notification of the officer's appointment in the *London Gazette*.

* To include officers on the active list, whether holding commissions, temporary or otherwise, in the Royal Navy, Royal Marines, Special Reserve, Indian Army Reserve of officers, Militia, Territorial Force, New Armies, Forces of the Overseas Dominions and Royal Air Force, served overseas with an Expeditionary Force between 4th August 1914 and 11th November 1918.

* The decision as to what constitutes a "blue" and a "half blue" will rest with the Commandant.

† In the event of one cadet qualifying under more than one head, the Commandant will be required to make a recommendation. No cadet can hold more than one scholarship.

The amounts issued will be charged against Head 1 and Vote 1a as in the case of the pay of the officers. If an officer is transferred to Indian payment, a note will be made on the last pay certificate showing the period covered by the last-payment.

44. The Controllers of Military Accounts in India will continue the payment of the scholarship with reference to the information given on the Home last-pay certificate, *vide* paragraph 5 of the Army Order and debit it to the minor head to which the pay of the officer is debited. In the event of the officer being transferred from the payment of a Controller, a note showing the period covered by the last payment will be made on the last-pay certificate.

45. No refund will be required in respect of any payment already made in the event of an officer becoming non-effective or otherwise ceasing to be entitled to the grant.

46. The winners of scholarships who can afford to do so will be given the opportunity of resigning the emoluments attaching to the scholarship in favour of those less fortunately circumstanced. In such a case, the winner would still retain the titular distinction.

47. An officer holding a scholarship will be liable, at the discretion of the Army Council, to forfeit it for misconduct.

Those who are successful in obtaining commissions will enter the Indian Army as Second-Lieutenants.

Indian Cadets will be posted to one of the units selected for Indianization subject to these conditions, appointments will be made on the following principles:—

(1) The first consideration will be given to those cadets who pass out highest on the list of successful candidates from the Royal Military College, but the Government of India reserve the right to consider special family or territorial claims irrespective of the candidate's position on the list.

(2) A cadet having any special family or territorial connexion with a regiment should describe this connexion on the preference form which he will be required to fill in during his last term at the College, and careful consideration will be given to such claims in deciding the question of his appointment.

(3) Candidates without special claims are at liberty to apply for particular regiments (not exceeding three).

(4) In making first appointments 'the candidates' wishes, as stated on the preference form, will be met as far as practicable, having due regard to the preceding paragraphs.

Prospective Indian candidates who are resident in India should apply for nomination to the entrance examinations held in India, and only those candidates who have been resident in the United Kingdom for several years will be permitted to present themselves for examination by the Selection Board held in that country. The Selection Board held in the United Kingdom is set up for the purpose of examining candidates who have been resident in the United Kingdom for several years and have received their education in that country, and not as an alternative to the examination held in India for candidates educated in India.

3. The candidate's height will be measured as follows:—He will be placed against the standard with his feet together, and the weight thrown on the heels and not on the toes or outer sides of the feet. He will stand erect without rigidity, and with the heels, calves, buttocks and shoulders touching the standard; the chin will be depressed to bring the vertex of the head level under the horizontal bar, and the height will be recorded in inches and parts of an inch to quarters.

4. The candidate's chest will be measured as follows:—He will be made to stand erect with his feet together, and to raise his arms over his head. The tape will be so adjusted round the chest that its upper edge touches the inferior angles of the shoulder-blades behind, and its lower edge the upper part of the nipples in front. The arms will then be lowered to hang loosely by the side and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to take a deep inspiration several times, and the maximum expansion of the chest will be carefully noted.

The minimum and maximum will then be recorded, thus in inches. $\frac{36}{35\frac{1}{2}}$, $\frac{34}{36\frac{1}{2}}$, etc.

In recording the measurements, fractions of less than half an inch should not be noted.

5. The candidate will also be weighed and his weight recorded in pounds. Fractions of a pound should not be noted.

6. The examination for determining the acuteness of vision includes two tests—one for distant, the other for near vision. The Army Test Types will be used for the test for distant vision, without glasses, at a distance of 20 feet, and for the test for near vision, without glasses, at any distance selected by the candidate. The standards of the minimum acuteness of vision with which a candidate will be considered fit are as follows:—

STANDARD I.

Right eye.	Left eye.
Distant vision—V = 6/6.	V = 6/6.
Near vision.—Reads 0, 6.	Reads 0, 6.

STANDARD II.

Better eye.	Worse eye.
Distant vision.—V = 6/6.	V, without glasses = not below 6/60; and after correction with glasses = not below 6/24.
Near vision.—Reads 0, 6	Reads 1.

STANDARD III.

Better eye.	Worse eye.
Distant vision.—V, without glasses = not below 6/60, and after correction with glasses = not below 6/6.	V, without glasses = not below 6/60; and after correction with glasses = not below 6/12.
Near vision—Reads 0, 6	Reads 1.

Each eye must have a full field of vision as tested by hand movements.

Squint or any morbid condition of the eyes or of the lids of either eye liable to the risk of aggravation or recurrence will cause the rejection of the candidate.

Each eye will be examined separately, and the lids must be kept wide open during the test.

Inability to distinguish the principal colours will not be regarded as a cause for rejection, but the fact will be noted in the proceedings and the candidate will be reformed.

The degree of acuteness of vision of all candidates for examinations will be entered in the proceedings in the following manner:—

V.R. = ...; with glasses = ...; Reads....
V.L. = ...; with glasses = ...; Reads....

No relaxation of the standard of vision will be allowed.

7. The following additional points will then be observed:—

(a) That his hearing is good and there is no sign of ear disease;

(b) That his speech is without impediment.

(c) That his teeth are in good order. He must have ten sound teeth in the upper jaw *functionally opposed* to ten sound teeth in the lower jaw. Two of these teeth in each jaw must be molars. Well-filled teeth will be considered as sound;

(d) That his chest is well formed and that his lungs and heart are sound.

(e) That he is not ruptured.

(f) That he does not suffer from a severe degree of varicocele* or varicose veins. A candidate who has been successfully operated on will be accepted.

(g) That his limbs are well formed and developed.

(h) That there is free and perfect motion of all the joints.

(i) That his feet and toes are well formed.

(k) That he does not suffer from any inveterate skin disease.

(l) That he has no congenital malformation or defect.

(m) That he does not bear traces of previous acute or chronic disease pointing to an impaired constitution.

* Severe varicocele is defined as follows:—

(1) Where the mass of veins is so great that it hangs down in front of the testicle when the candidate stands up.

(2) If the cord is elongated to such an extent that the testicle hangs at a level obviously lower than normal, of course, allowing for the fact that the left testicle is usually at a lower level than the right.

(3) If there is atrophy to such an extent that the affected testicle is estimated at less than half of the bulk of the gland on the sound side.

(4) Undescended testicle should only be considered a disqualification when situated within the inguinal canal or at the external ring.

(2) A candidate who is not required by sub-section (1) to offer a vernacular named in column (2) will offer the vernacular named in column (3) against his province if any such vernacular is named, unless he is already familiar with the vernacular there named or with a closely allied one.

Any question as to the interpretation and application of this regulation will be decided by the Civil Service Commissioners.

(8) The ordinary session of the Final Examination for the testing of riding will take place in advance of the rest of the Final Examination, and a special session will when necessary be held at a later date for the benefit of any candidate who may have failed at the ordinary session.

Candidates who at the ordinary session satisfy the Commissioners that they are sufficiently at home to

the saddle for the efficient performance of all duties required of members of the Indian Civil Service will be awarded marks ranging between 101 and 200 according to the degree of proficiency displayed.

Candidates who at the ordinary session fall short of the adequate proficiency but show such minimum proficiency as is evidence that with a moderate amount of practice they can attain full proficiency, will receive marks ranging between 1 and 100, they will be allowed to proceed to India and will on their arrival there be subjected to such further tests in riding as may be prescribed by their Local Government.*

Any candidate who at the ordinary session fails to show a minimum proficiency will be examined again at a special session. If he then attain adequate proficiency he will not be subjected to further tests in India. If he attains minimum proficiency he will be allowed to proceed to India under the same condition as if he had attained minimum proficiency at the ordinary session. No credit in marks will be given for any performance at a special session.

Probationers may also be examined in riding at such time or times as the Commissioners may appoint during the course of the probationary period.

(9) Such deductions as the Civil Service Commissioners may consider necessary will be made from the marks assigned to candidates at the Intermediate and Final Examinations in order to secure that no credit is allowed for merely superficial knowledge.

(10) The Civil Service Commissioners will prepare lists of the candidates in order of merit; the order for the one-year probationers being based on the sum of the marks obtained by the candidates at the Open Competitive and Final Examinations, the order for the two-year probationers being based on the sum of the marks obtained by the candidates at the Intermediate and Final Examinations.

(11) The selected candidates whose performance in the compulsory subjects of the Final Examination is such as to satisfy the Civil Service Commissioners, and who have also satisfied the Commissioners of their eligibility in respect of nationality, age, health, character, and conduct during the period of probation, shall be certified by the Commissioners to be entitled to be appointed to the Indian Civil Service, provided that they shall comply with the regulations in force, at the time, for that Service.†

(12) If any candidate is prevented by sickness or any other adequate cause from attending the Final Examination, the Commissioners may, with the concurrence of the Secretary of State for India in Council, allow him to appear at the Final Examination to be held in the following year, or at a special examination. A selected candidate absent for such adequate cause from the Intermediate Examination may, under similar conditions, be allowed to appear at the Intermediate Examination a year later or at a special examination, or may be excused the Intermediate Examination and allowed to appear for the Final Examination in regular course.

Any candidate who at the Intermediate Examination shall appear to have wilfully neglected his studies, or to be physically incapacitated for pursuing the prescribed course of training, will be liable to have his name removed from the list of selected candidates.

ANNOUNCEMENTS

made by the Governor-General in Council with the authority of the Secretary of State for India in Council—

(i) Selected candidates will be allotted to the various provinces upon a consideration of all the circumstances, including their own wishes; but the requirements of the Public Service will rank before every other consideration.

(ii) An allowance of £300 a year, or, in the case of Selected Candidates possessing an Indian domicile, an allowance of £350 a year will be given to any candidate who passes his probation at one of the Universities or other Institutions that have been approved for the purpose by the Secretary of State for India in Council.

In the case of Selected Candidates on probation for one year the allowance will be payable in four equal instalments on the following dates respectively: December 24th after the selection, March 25th, June 24th and after signature of Covenant on appointment to the Service.

In the case of Selected Candidates on probation for two years the allowance will be payable in eight equal instalments, the first on the December 24th after selection, the second to the seventh on the six following quarter days and the eighth after signature of Covenant on appointment to the Service.

The payment of the various instalments of the allowance except the final instalment, and, in the case of the two-year probationers, the instalment payable at the end of the first year of probation, will be conditional on the receipt by the Secretary of State through the Civil Service Commissioners of a certificate that the candidate has fulfilled up to date the requirements of the authorities and shown satisfactory conduct at the approved Institution.

If an Indian Government Scholar becomes a selected candidate for the Indian Civil Service, his scholarship stipend shall cease to be paid with effect from the 1st October of the year in which he becomes a selected candidate. He may, however, provided he has executed the agreement referred to in (iv) below, be granted on, or at any time after, the 1st October, an advance on account of the instalment of the allowance payable on the 24th December.

The whole probation must ordinarily be passed at the same Institution. Migration will not be permitted except for special reasons approved by the Secretary of State.

N.B.—The Secretary of State for India gives notice that the amount of the allowances will be reconsidered in 1928, *with a view to a possible reduction with effect from the instalment payable in December* 1928.

(iii) A First Class passage to India will be engaged for Selected Candidates with a view to their proceeding to India during the November following their Final Examination.

(iv) Each candidate will be required before receiving the first instalment of his allowance to execute an agreement binding himself and one surety jointly and severally to refund all moneys he may have received from the Secretary of State for India in the event of—

(1) his failure to pass the Final Examination within the time prescribed by the Regulations, and to satisfy the Civil Service Commissioners of his fitness for admission to the Indian Civil Service, or

---

* Such candidates will receive an increase to their initial pay until they have passed the further tests in question to the satisfaction of their local Government.

† The compulsory subjects include riding and a candidate who fails at the end of the period of probation to satisfy the Civil Service Commissioners that he has reached the minimum standard of proficiency in riding will be liable to have his name removed from the list of selected candidates.

(2) his subsequent failure to execute the usual covenant, and to proceed to India, as and when he shall be directed by the Secretary of State for India.

(v) All candidates obtaining Certificates will be also required to enter into covenants, by which, amongst other things, they will bind themselves to make such payments as under the rules and regulations for the time being in force they may be required to make for the pensions of their families. The stamps payable on these covenants amount to £1.

(vi) Candidates appointed to the Indian Civil Service after undergoing one year's probation will be senior to those appointed in the same year after undergoing two years' probation. The seniority of candidates of each class *inter se* will be determined by the order in which their names appear on the lists referred to in clause (11) of the regulations.

(vii) Candidates who fail to satisfy the Civil Service Commissioners at the Final Examination held in any year will be definitely rejected, and will not be allowed to present themselves for re-examination, unless it shall appear to the Secretary of State in Council, after reference to the Civil Service Commissioners, that such failure is due to circumstances wholly exceptional and beyond the control of the candidate.

(viii) "Overseas pay" will not be admissible to Indian members of the Indian Civil Service selected at Open Competitive Examinations held in London in 1925 and subsequent years.

No. 84.—Under rule 2 of the rules prescribing the procedure for the accounting of court fees realized by village courts, which have been printed as Appendix to G O. No. 631, Finance, dated 28th August 1924, and published on page 1106 of the *Fort St. George Gazette*, Part I, dated 23rd September 1924, the fees collected by village courts should be remitted to the nearest treasury within the Revenue district with the least possible delay. It has been brought to the notice of Government that the sums collected are small and that immediate remittance of the sums to the treasury throws extra work on village menials. The Government have therefore decided to modify the rule to the effect that the president of the village panchayat court should hand over with the least possible delay to the village headman all court fees collected, that the latter should send them to the sub-treasury with the next remittance of land revenue or other collections or with the first village menial who is sent to the taluk office after the money is handed over to the village headman, and that where the headman is the president of the court, the same rule should apply.

2 A copy of the rules as amended is printed as appendix to these proceedings.

DEPARTMENT OF COMMERCE.

TARIFF.

Simla, the 7th June 1927.

REFERENCE TO THE TARIFF BOARD.

No. 341-T (27).—On the application of the Bombay Millowners' Association, the Government of India appointed a special Tariff Board in June 1926 to investigate the condition of the cotton textile industry, to examine the causes of the depression, and in particular to consider whether the depression was due to the competition of other countries. The Board was instructed to report whether the industry was in need of protection and, if so, in what form and for what period protection should be given. The Board was further instructed to make any other recommendations germane to the subject.

FINDINGS OF THE TARIFF BOARD.

2. The Board has found that the present depression is largely due to causes which are not peculiar to India, but are world wide in their operation. In India itself the depression has been much more acutely felt in Bombay than in other centres, and the Board attributes this state of affairs partly to causes for which the Millowners themselves are responsible, partly to the competition of the mills in other parts of India, and partly to competition from Japan Under the first head, stress is laid on undue conservatism and insufficient diversification of production, while the relative prosperity of the mills in other parts of India is ascribed mainly to the natural advantages they possess, particularly in a lower rate of wages, and also in their proximity to their markets and to the areas from which they obtain their raw material. The Board has emphasised the importance of the increasing competition of the mills in other parts of India as a measure to the industry in Bombay, and considers that it constitutes a problem not less urgent than that which arises from competition from abroad.

3. The Board has found that the competition from abroad, from which the Bombay mill industry is suffering, is from one country only. It was not contended by the Bombay Millowners' Association that either the volume of the imports from the United Kingdom or the prices at which they were sold, had in any way been a contributing cause of the present depression; and in regard to imports from all countries other than Japan, the Board has found that there has been no change to the disadvantage of India as compared with the pre-war position On the other hand, Japanese competition is severely affecting the industry in respect both of yarn and piecegoods, and in so far as this competition is facilitated by inferior conditions of labour in Japan, the industry has, in the Board's view, established its claim to protection against it. The inferior conditions particularly referred to arise from the province of the Japanese Factory Law which permits for the present the employment of women by night, and thereby enables the Japanese mills to work double shifts. The advantage to the Japanese mills in the actual cost of manufacture, according to the Board's estimate, is about 4 per cent on both yarn and cloth; but if a reasonable return on capital is included in the cost of production, the advantage increases to 10 per cent on yarn and 12½ per cent on cloth The Japanese mills will, the Board thinks, retain their advantage until the date when the amended Factory Law comes into full operation, which is expected to be the 1st July 1929; and in that case any influence on the market of stocks accumulated before that date should have disappeared by the end of the official year 1929-30. All the findings of the Board which have been mentioned are unanimous, except as regards the estimated advantage to a Japanese mill working double shifts, if a fair return on capital is included in the cost of production.

RECOMMENDATIONS OF THE TARIFF BOARD.

4. In addition to a number of detailed recommendations directed towards the improvement of the internal organization of the industry, which cannot be summarized here, the Board has made two important recommendations designed to assist the industry in securing greater diversification of production, and to stimulate a larger output of goods of higher quality. The first is the establishment, with financial assistance from Government, of combined bleaching, dyeing and printing works at Bombay. This recommendation is unanimous. The second, which is put forward by a majority of the Board, is for the payment, for a period of four years, of a bounty of one anna per pound, or its equivalent, on the production of yarn of 32s and higher counts, based on the output of an average of 15 per cent of the total working spindleage in a mill. The cost of this bounty, including the cost of administration, is estimated to be about Rs. 38 lakhs per annum The President of the Board (Mr. Noyce) dissents from this recommendation.

5. A majority of the Board has proposed that the import duty on cotton piecegoods should be increased from 11 to 15 per cent for a period of three years. The primary object of this increase is to provide funds to meet the cost of the proposed bounty on the spinning of the finer counts, and of certain other proposals made by the Board, but it will also serve to reduce the rigour of the competition from Japan from which the industry

suffers. No increase in the duty on yarn is recommended by the majority in view of the effect that such a measure might have on the handloom industry. The President of the Board (Mr. Noyce) does not consider that an all-round increase in the import duty on piecegoods can be justified, but has recommended that an additional duty of 4 per cent should be imposed on all cotton manufactures, including yarn, imported from Japan for a period of three years.

6. The Board has proposed several other measures for the assistance of the industry by Government. Most of these are under separate consideration, and only one can be mentioned here. The Board has unanimously recommended the remission of the import duty on cotton textile machinery and on certain mill stores for a period of three years, after which the question of continuing the remission would be considered in the light of the conditions then existing. The loss of customs revenue from this remission, according to the Board's estimate, is about Rs. 50 lakhs per annum.

7. Finally, the Board emphasises its view that the State aid and the changes in the tariff which it has proposed can, in themselves, prove no more than palliatives, and would indeed fail in their purpose if they did not succeed in stimulating and encouraging the industry to undertake reorganization and effect economies on the lines suggested.

DECISIONS OF THE GOVERNMENT OF INDIA.

8. The Government of India are unable to accept the recommendations of the majority of the Board that the spinning of the higher counts of yarn should be stimulated by the grant of a bounty. They are satisfied that the administrative difficulties in working a scheme of the kind proposed are insuperable, and they agree with the view expressed by the President of the Board (Mr. Noyce) that a long established industry, such as the cotton textile industry in Bombay, should need no stimulus at the cost of the general taxpayer, if such a development is to its own interest. As regards the proposal that Government should contribute towards the cost of establishing combined bleaching, dyeing and printing works in Bombay, the Government of India are unable to express any opinion until they have ascertained the views of the Local Government and of the cotton mill industry in Bombay and elsewhere.

9. The rejection of the proposed bounty on the spinning of the finer counts removes the principal reason advanced by the majority of the Tariff Board for a general increase in the import duty on cotton piecegoods. The Government of India are also satisfied that, on the facts as found by the Board, no case has been established for a general increase in the duty on a measure of protection.

10. The Government of India accept the finding of the Board that the advantage to Japan resulting from labour conditions in that country, until the amended Factory Law comes into full operation, in actual cost of manufacture may be assessed at about 4 per cent on both yarn and cloth. In making this calculation, the Board has allowed for the fact that double shifts are universal in spinning mills in Japan, but not in weaving mills, in which the average hours worked are only 14·45 hours. But the majority of the Board omitted to make a corresponding allowance, when calculating the advantage of a reasonable return on capital is included. Hence the advantage to Japan, when calculated on this basis, should be 10 per cent on cloth, and not 12½ per cent as stated by the majority of the Board. It follows that the advantage to Japan, even if a reasonable return on capital is included, is already sufficiently covered by the existing revenue duty of 11 per cent on cotton piecegoods. No additional duty on this account can, therefore, be justified. The existing revenue duty on yarn is only 5 per cent and in this case, if the calculation of the majority is accepted, the advantage to the Japanese mills is not fully covered. But an additional duty on yarn only would affect prejudicially the handloom industry, and for this reason should not be imposed.

11. The removal of the import duty on machinery and on the materials of industry was recommended by the Fiscal Commission and is in accordance with the principle of the resolution adopted by the Legislative Assembly on the 16th February 1923, that the fiscal policy of the Government of India may legitimately be directed towards fostering the development of industries in India. In giving effect to this principle, as revenue considerations permit, the Government of India are prepared to give precedence to articles used chiefly by industries which are passing through a period of depression. But they would be unwilling to differentiate between industry and industry by allowing one industry to import free of duty articles on which other industries have to pay duty. The Government of India have decided, therefore, to deal on these lines with the recommendation of the Board that the import duty on cotton textile machinery and mill stores should be remitted for a period of three years.

12. The Government of India will introduce legislation at the next session of the Indian Legislature to remove altogether, with effect from the 1st October 1927, the duties on the following articles:—

All machinery and component parts of machinery as defined in items Nos. 51, 51-A and 51-B of the Import Tariff Schedule (Schedule II to the Indian Tariff Act, 1894);

Aniline and alizarine dyes;
Bleaching powder and paste;
Farina;
China clay;
Sago flour;
Magnesium chloride;
Starch;
Tallow and
Cotton ropes.

It is estimated that the consequent loss of customs revenue will be Rs. 45 lakhs in 1927-28 and Rs. 85 lakhs in a full year. The removal of the duty on machinery is subject to the proviso that it may be necessary to reimpose an import duty on particular kinds of machinery, if it appears, on a report by the Tariff Board, that it is desirable to encourage the manufacture in India of such machinery and that a protective duty is required for that purpose, or that the imposition of a duty is necessary in order to secure equality of tariff treatment and removes a handicap under which the manufacture of such machinery in India would otherwise suffer.

13. The remaining recommendations of the Board, in so far as they concern the Government of India, are under consideration.

No. 8.—In virtue of the powers delegated under clause XI of Government Notification No. 438, dated 13th July 1886, published on pages 1203 and 1204 of the *Fort St. George Gazette*, dated 28th September 1886, Part I, as amended by Government Notification No. 101, dated 18th March 1924, and in supersession of Commissioner's Notification No. 5, dated 1st July 1926, the Commissioner of Excise hereby prescribes the following rules for the issue, etc., of licences under section 12 of the Madras Abkari Act I of 1886, for the tapping of toddy-producing trees and for the drawing of toddy therefrom, to have effect in the following local areas from the 1st day of October 1927 :—

(1) The villages in the Agency tracts specified in Schedule I annexed.

(2) The rest of the Presidency with the exception of the Nilgiri district and the Wynad taluk, Anjengo, Tangasseri and the Attappadi valley of the Malabar district.

(3) The Banganapalle State.

2. Tree-tapping licences shall be issued on the application—

(a) of licensed toddy shop-keepers in areas in which the toddy shops are sold by auction or licensed separately ;

(b) of persons having the exclusive privilege of manufacture and supply of coconut toddy arrack ;

(c) of tappers on their own application in the South Kanara district, provided that the application for licence is accompanied by an application for a permit for the transport of the toddy drawn to some particular shop and that the latter application is countersigned or acknowledged to be correct by the shopkeeper in whose shop the toddy is to be taken ;

(d) of tree-owners generally, and of sweet-toddy tappers in the villages of the Agency tracts specified in Schedule I, in the East Godavari district, in the portion of the West Godavari district corresponding to the Narasapur, Bhimavaram, Tanuku, Ellore and Yernagudem taluks of the old Kistna district and in the Repalle and Bapatla taluks of the Guntur district, for not more than five trees in the case of tree-owners and three trees in the case of sweet-toddy tappers for the drawing of toddy required for domestic consumption, but not for sale ;

(e) of toddy shopkeepers or renters in the Mysore territory and in the Banganapalle State desiring to obtain toddy from trees growing in British territory ;

(f) of toddy shopkeepers in the Pudukkottai State desiring to obtain toddy from trees in British territory provided that the application is certified or countersigned by the Salt and Abkari Inspector of the State ; and

(g) of any member of a hill tribe whether a tree owner or not, residing in any of the villages of the Vizagapatam district specified in Schedule II, for not more than five trees for each household for domestic consumption, but not for sale.

In cases (b), (d) and (e), the licences may be issued in the name of the applicant himself or of his nominee, and in cases (a), (c), (f) and (g) in the name of the applicant only.

3. Persons wishing to apply for the grant of tree tapping licences must first pay the fees (or the first instalment thereof, as the case may be) due on account of the trees which they desire to tap, into a Government treasury, which may be either the District treasury or a Taluk treasury. Divisional officers may also empower heads of villages to receive payments on account of tree-tax and to grant receipts therefor. In the case of persons mentioned in rule 2 (a) and (c) the tree-tax must be paid into a Government treasury of the taluk in which the shop is situated or to an authorized village munsif in the same taluk, and the renters concerned should affix a declaration in the applications to the effect that they have obtained a licence permanent or temporary for a shop specifying also the name and number of the shop for which trees are to be marked. The shop licences should be produced before village munsifs in cases where the application and fees are presented to these officers. Pudukkottai renters, when applying for trees in British territory, must pay the full tree-tax into a British treasury at the rates prevailing in British territory.

4. (1) Applications for the grant of tree-tapping licences must be made in the prescribed form to the Inspector, Excise Department, in charge of the circle in which the trees are situated. Forms may be obtained from the Inspectors of the Excise Department and from all Tahsildars and Deputy Tahsildars and will be supplied free of charge. Applications put in by shopkeepers and tappers need not be stamped ; those put in by other persons must bear a court-fee stamp of one anna. In any case, if the fees have been paid into a treasury, the application must contain a certificate of payment from the treasury officer ; if payment has been made to a village head, the receipt must accompany the application. Mysore renters and shopkeepers applying for trees in British territory should pay the tree-tax into the Mysore Amildar's treasury and should present before the British Tahsildar or Deputy Tahsildar concerned, along with the application in Form T.T. 3, the receipt with the Amildar's certificate at the foot to the effect that the applicant is a person entitled to take out a tree-tapping licence in Mysore. The tree-tax should be calculated at the higher rate if the rates are not the same on the two sides of the frontier.

(2) Applications for tree-tapping licences in the South Kanara district should be countersigned by the owner or person in possession of the trees intended to be marked in token of his consent.

5. Toddy shopkeepers in tracts adjoining the Mysore territory will also be allowed to tap trees in Mysore for the supply of toddy to their shops on payment of the whole of the tree-tax, in one instalment into the British treasuries and subject to such restrictions regarding permits, etc., as may be prescribed in this behalf. The rate of tree-tax to be paid in such cases will invariably be the higher rate in force, if the rate is not the same on the two sides of the frontier.

The British and Mysore Governments reserve to themselves the right to impose, in addition to the tree tax, a rent for the use of trees belonging to them, the same when imposed being payable by British and Mysore licensees alike. The arrangements agreed to by the Madras and the Mysore Governments with regard to the issue of licences for tapping trees in either territory on the application of farmers or shopkeepers in the other do not prevent the reservation of trees in any specified area in the Madras Presidency or in Mysore with a view to afford rest thereto or for other sufficient reason and the mere payment of tree tax into a British or Mysore treasury does not entitle an applicant to tapping licences for trees so reserved.

6. Toddy shopkeepers in British territory adjoining the Banganapalle State will be allowed to tap trees in the State on payment of tree-tax, the rate being the same as in the Kurnool district. Similarly, those in the Banganapalle State will be allowed to tap trees in the adjoining British territory. Toddy shopkeepers in British territory adjoining the Pudukkottai State will be allowed to tap trees in

that State on payment of tree-tax to that State at the higher of the rates prevailing on both sides of the frontier.

7. Persons applying for the issue of licences will be responsible to Government for all sums payable as tree-tax on account of the trees licensed to be tapped.

8. (1) Unless there are special reasons for refusing to mark the trees, the Inspector on receipt of an application will at once take steps for the marking of the trees by an officer of rank not lower than a Sub-Inspector and for the issue of the licence. The Inspector may also at his discretion refuse to comply with an application either wholly or in part, if he considers that the trees applied for are in excess of the legitimate demand of the shop. Applicants for trees shall point out to the marking officer, when required by the latter to do so, the trees applied for by them. Should they fail to do so after reasonable notice, the fees paid by them shall be liable to be forfeited at the Collector's discretion.

(2) In the East Godavari district, in the Narsapur, Bhimavaram, Tanuku, Ellore and Yernagudem taluks of the West Godavari district, in the Repalle and Parchur taluks of the Guntur district and in the villages of the Agency tracts specified in Schedule I, trees intended for the drawing of fermented toddy and those for the drawing of sweet toddy shall, as far as possible, be in separate topes or blocks.

9. Collectors may, from time to time, prescribe the minimum number of trees to be entered in an original application. They may also direct that the trees situated in one village only shall be included in an application.

10 Toddy shall not be drawn from any toddy tree, nor shall any pot be attached to any toddy tree until the tree has been marked by the proper officer.

11. For palmyra and date trees in the Presidency and for Dadapai (*Areaga Wightii*) trees in South Kanara, tree tapping licences shall be annual, that is, in force from 1st October or any subsequent date to the 30th September immediately following, and for coconut and sago trees they shall be half-yearly, that is, in force from 1st October or any subsequent date to the 31st March immediately following, and from 1st April or any subsequent date to the 30th September immediately following, except in the case of the trees which have been finally tapped, on which the full tree-tax may be levied.

12 The following shall be the fees payable on account of each tree for the tapping of which licence is applied for :—

District.	Coconut palms (for each half-year as defined in rule 11 above).	Sago palms (for each half-year as defined in rule 11 above)	Palmyra or date palms (for the whole year as defined in rule 11 above)	Dadapai (*Areaga Wightii*) palms for the whole year as defined in rule 11 above).

NOTE :—The tree-tax payable by the hill tribes in the villages mentioned in Schedule II and by applicants for licences for domestic consumption under rule 2 (4) of these rules shall be paid in one instalment at the time of application.

14 Every instalment of tree tax shall be paid on the first day of the month in which it falls due.

15. For the convenience of applicants, applications will be received from 1st September or 1st March ; but no trees will be marked, nor licences issued, nor preparation of spathes permitted before 10th September or 15th March ; nor shall pots be attached to trees before the evening of the 30th September or 31st March, as the case may be. In the case of 'Kudapalai' palmyra trees tapped at concession rates in the Tinnevelly and Ramnad districts, marking will be allowed from the 25th July. In the case of date trees the process of preparation will be allowed from the 15th September, but the incision required for the insertion of the drip leaves will not be allowed before the evening of the 30th September. In no case shall toddy be drawn except during the currency of the licence.

16. All toddy drawn under the tree-tapping licences granted in accordance with these rules shall, as soon as the pots containing it are removed from the trees, be immediately conveyed direct to a distillery or a licensed toddy shop under a general transport permit which will be granted gratis by the Inspector.

In the South Arcot district when a licensee desires to change the shop to which his toddy is to be taken, the permit will be amended on application and on prepayment of two annas in addition to the court-fee stamp of the value of one rupee to be affixed to the application. No toddy drawn under these rules shall be sold otherwise than to a licensed distiller or shopkeeper except at a regularly licensed shop. Free foot sales or sales in the open are absolutely prohibited.

17. Between sunset and sunrise no toddy shall be drawn or kept by a person holding a licence under these rules in the garden or field in which stand the trees which he is licensed to tap, except the toddy contained in the pots attached to the spathes of the trees, provided that the Commissioner of Excise may, on sufficient cause being shown, relax the restriction in any local area.*

*In the Madras Town Circle palmyra and date toddy may be drawn as early as 4 a.m.

EXCISE DEPARTMENT.

NOTIFICATION.

No. 7, dated 25th June 1927.

NOTICE OF SALE OF ARRAKI PRIVILEGES.

Notice is hereby given that the privilege of sale of toddy in independent shops in the tree-tax areas of the Presidency, including the Bangarupalle State and the toddy farms of 122 villages of the Parlakimedi Maliahs of the Ganjam Agency, will be put up to auction subject to the conditions hereinafter set forth. The period for which the privileges will be sold will be twelve months commencing 1st October 1927 and ending 30th September 1928. The number of shops and farms, the local limits appointed for them and the dates on which, the places at which and the officers by whom, the auction sales will be conducted, will be notified by Collectors in their District Gazettes. A separate notification will be issued regarding operations under the tree-tax system.

Conditions of Auction Sale.

I. Any person desiring to bid must deposit Rs. 20 with the selling officer on the day of sale, but discretion is given to the selling officer to reduce the deposit to Rs. 10 when necessary. In Madras City the deposit to be made by each bidder will be Rs. 50. No one will be admitted to the auction room unless he has made this deposit. No one may bid for another person unless he holds a power-of-attorney from him. Deposits made under this clause will be returned on application to unsuccessful bidders at the close of the day's sale.

NOTE.—In Madras City the deposit must be paid into the taluk treasury and the challan for such payment produced before the selling officer. Deposits will be returned under the orders of the selling officer to unsuccessful bidders at the close of the day's sale on presentation of the challan at the taluk office.

II. The officer conducting the sale may, at his discretion, refuse to accept the bid of any person on the ground (1) that he has been convicted by a criminal court or has previously been guilty of such a breach of the conditions of licence or of a contract under the Abkari Opium Act as to render him undesirable as a holder of a licence; or (2) that he is insolvent or in arrears to Government; or (3) that his bid is purely speculative; or (4) that he is a village officer or a relative of a village officer of the village in which the shop is situated or which is supplied by the shop or of a neighbouring village; or (5) that he is a contract supplier of country spirits for the contract area within which the shop is situated; or (6) that he is a broker bidding for beer shops; or (7) that such a course is necessary to prevent arrangements to the detriment of Government interests; or (8) for any other valid reason.

III. The reserve price placed on each shop or farm will not be published but the average annual rental during the previous five years will be notified by Collectors, wherever possible, for the information of bidders. The selling officer will fix the upset price of each shop.

IV. The shops or farms will be put up to auction in the order in which they are notified unless the selling officer sees reason to change that order.

V. The highest bid will be provisionally accepted by the selling officer subject to confirmation by the Collector. Such subsequent confirmation after the close of the sale will be necessary even if the selling officer is the Collector himself. The Collector will be at liberty to accept or reject any bid at his discretion. If the selling officer before the close of the sale rejects under condition II the highest bid for any shop or farm he may at his discretion either accept the next highest bid or resell the shop or farm. In case of dispute the selling officer's decision will be final.

VI. (a) Every person whose bid is provisionally accepted shall

(i) at once, if so required by the selling officer or otherwise at the close of the day's sale, deposit in addition to the deposits made under clause I half a month's rent for each shop or farm knocked down to him, unless the initial deposit equals or exceeds two months' rent;

(ii) at once apply in writing for a licence for each shop or farm knocked down to him and within a week thereafter furnish the Tahsildar with the boundaries of the site selected by him for the location of the shop and a statement in the prescribed form

(annexed to this notification) showing details of the immovable property possessed by him, or in which he has an interest together with accurate and full details of encumbrances, etc., thereon;

(iii) within fifteen days from the date of sale deposit such further sum as with the deposits already made under sub-clause (i) supra will make up two months' rent of all shops knocked down to him.

(2) Further if the Tahsildar is not satisfied that any such person can be trusted to pay his rent punctually and fully, he may require him, in addition to the deposits required under clause (a) (iii) supra, either

(i) to deposit two months' rent of all shops or farms knocked down to him, or

(ii) to execute a mortgage of his immovable property in favour of the Government for all moneys that may become due under the terms of the contract with a power of sale in favour of the mortgagee to be exercised in default of payment thereof by the purchaser, or

(iii) to produce a surety or sureties, to be accepted by the Tahsildar, who should execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract and to execute a mortgage deed of his or their immovable property in favour of the Government for the payment of all moneys due under the said contract by the purchaser with a power of sale in favour of the mortgagee in default of payment thereof, by the surety or sureties or by the purchaser, or

(iv) if the Tahsildar is not satisfied that the value of his immovable property tendered as security is adequate, he may require such person further to produce, in addition to mortgaging his property, a surety or sureties to be approved by the Tahsildar, who shall execute a security bond for the balance of the money that may become due and execute a mortgage deed of the surety or sureties' property in favour of the Government. The sureties referred to in sub-clauses (iii) and (iv) should submit to the Tahsildar a statement in the prescribed form annexed to this notification showing details of their immovable property. The purchaser shall be bound to carry out the provisions of sub-clauses (i) to (iv) above, within fifteen days from the date of sale.

The bond and the mortgage deeds shall be stamped and registered at the expense of the purchaser. He shall also be bound to execute a counterpart agreement.

VII Deposits will be returned in any case in which the Collector refuses to confirm the acceptance of the bid.

VIII. At the close of the day's sale the selling officer will notify the date on which resales, if any, are found necessary, will be held, when the list of shops or farms to be resold has been drawn up, a copy of it will be sent to any bidder who gives his name and address to the Tahsildar.

IX The order of the Collector confirming or refusing to confirm the acceptance of a bid shall be final unless it is revised by the Commissioner for special reasons.

X. On the failure of any person to make a deposit or apply for a licence under condition VI or to comply with any requisition or to execute any engagement under condition VI, the deposits already made may be forfeited and the shop or farm may be resold under the orders of the Divisional Officer or on a report from the Divisional Officer may be otherwise disposed of by the Collector. Resales under this condition will be at the risk of the defaulting bidder, who will forfeit all gain and, in the event of a loss, will be required to make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the resale. In the latter case, the forfeited deposits will be deducted from the loss arising from the resale, and the remainder, if any, will be recoverable in the same manner as if it were an arrear of land revenue. Should however the forfeited deposits be greater than the loss by resale, the whole of such deposits will be credited to Government. The defaulting bidder will be similarly liable if the shop or farms is disposed, of otherwise than by resale and such disposal results in loss to Government as compared with the original sale. Disposal otherwise than by resale includes closure.

XI. The purchaser of any abkari or opium privilege is liable to the penalties prescribed for breaches of the conditions set forth below, though a formal licence may not have been issued to him. In the event of the purchaser's death after issue of the licence, his heirs and assigns shall be responsible for all moneys that may become due to Government under the terms of the licence as well as for the proper observance of all the conditions of the licence.

XII. (a) The deposits under condition VI (a) (iii) and (b) (i) may be made either in cash or in recognized Government, Port Trust, Municipal or Local Board Securities, or by depositing Postal savings bank pass books or deposit certificates obtained from the Provincial Co-operative Bank (Madras Central Urban Bank) or from any of the Central Banks approved by the Registrar of Co-operative Societies. When deposits are made otherwise than in cash, the Collector may demand that they shall be of such higher face value than the cash deposit required as in the circumstances of the market he may think necessary. Where the deposits under this condition are sufficient, under the Collector's orders, to cover also deposits made in cash under conditions I and VI (a) (i) which have not been refunded as well as deposits due under condition VI (a) (iii) and (b) (i) the deposits made in cash may be returned to the depositors. Renters who have made the deposits under condition VI (a) (iii) and (b) (i) in the form of deposit certificates obtained from any of the Central Banks mentioned above or in cash may make a formal requisition to the Treasury Officer or Sub-Treasury Officer as the case may be to transfer the cash deposits made by them under conditions I and VI (a) (i) or under conditions I, VI (a) (i) and VI (a) (iii) and (b) (i) to the fixed deposits in the Central Bank in the name of the Tahsildar. The Treasury Officer or Sub-Treasury Officer as the case may be will endorse this requisition on to the Bank and inform it that when the Bank gives the necessary formal receipt, he will hand over the amount to the representative of the Bank duly authorized to receive it, or will remit it by postal money order or insurance cover to the Bank. When the amount has to be sent by postal money order or insurance cover the renter will be required to deposit in the Treasury or Sub-Treasury, with his requisition to transfer the deposit, an amount which shall, in the opinion of the Treasury Officer or the Sub-Treasury Officer as the case may be, be sufficient to cover the cost of forwarding the amount of the deposit to the Bank; any balance not utilized for this purpose will be credited towards any rent due from the depositor. The securities or savings bank pass books deposited must be endorsed in the name of the Collector and Government promissory-notes must be enfaced for payment of interest at the treasuries at which they are deposited, if so required. In the case of Co-operative Bank deposit

certificates the deposits must be made in the name of the Tahsildar of the taluk, the contractor must agree in writing that he undertakes the risks, if any, involved in the investment and the banks must certify on the deposit certificate granted that the deposit is withdrawable on the Tahsildar's demand.

XIII. Deposits in cash will be adjusted towards the instalments of kists due in the last months of the period of the lease. Deposits of securities or savings bank pass-books or Co-operative Bank deposit certificates will be returned on payment in cash of the full amount of the rent due and of any penalties or other sums recoverable under the terms of the licence or of the conditions set forth below unless the depositors wish that Government should take them over, in which case they will be taken over at the price of the day, and the balance, if any, due to Government must be paid in cash. In cases of default under condition X of the conditions of auction sale or under condition 27 of the general conditions applicable to all abkari and opium licences, all securities deposited are liable to be sold for any amount due to Government under the terms of the lease, the remainder, if any, due after such sale, being recovered as arrears.

General Conditions applicable to all Abkari and Opium Licences.

1. Shops and depots must be opened by the dates fixed by the Collectors and must be kept open every day unless their temporary or permanent closure is authorized under conditions 10, 11 or 40 infra.

2. Except where definite sites in the possession or under the control of Government have been prescribed, purchasers of shops must make their own arrangements for securing proper sites for their shops. They are at liberty to choose any site within the local limits notified by the Collector, provided the site selected is approved of by the Revenue and Police Authorities. The limits of the site selected and approved will be entered in the licence. The possession (except subject to the rules applicable to unlicensed persons) or sale of liquor, opium or intoxicating drugs outside those limits is prohibited.

3. Sales under any abkari or opium licence must be conducted in an approved building of which the whole or the whole of a separable part must be entirely set aside for use as a depot or shop. Licensees must keep their shop premises in a sanitary condition to the satisfaction of inspecting officers. In the case of arrack shops and taverns in municipalities, or towns having a population of 20,000 or over, there shall be no possible means of ingress or egress in any direction except into the main street; if there are other doors they shall be kept locked under the seal of an officer of the Excise Department; the interior of the shop shall be sufficiently lighted by day and the whole interior visible from the front door; the shop shall not be used as a place of residence save by the vendor and his family or caretakers. If there are means of communication between the depot or shop and an adjoining dwelling house, they must be kept locked at night.

4. Except when two or more foreign liquor licences are held by one person or in the case of licences held by chemists and druggists and medical practitioners, sales under different licences must be conducted in different premises.

5. Private bars in liquor shops may be allowed by the Collector under a special licence to be granted by him free of fee; provided that the interior of the bar is wholly visible from the doorway, and that the entrance to it is either through the main door of the shop or through a separate door provided with a proper sign to show the nature of the bar.

6. A signboard must be affixed to the front of each depot or shop showing the nature and number of the licence under which sales are conducted there, the name of the licensee and (except in the case of foreign liquor) the current rate of sale. These particulars must be legibly painted in the local vernacular and in the case of taverns and wholesale depots in English also. The licence must be hung up in a conspicuous place within the depot or shop.

7. The possession upon any licensed premises of any liquor, opium or intoxicating drug except that to which the licence relates or of any essence or substance used or capable of being used for colouring or flavouring liquor except in accordance with the terms of a compounding licence is prohibited.

8. Such supply of liquor, opium or intoxicating drugs as the Collector may consider sufficient to meet local requirements must be maintained in depots and shops.

9. No arrack shop, foreign liquor tavern or beer shop shall be opened before 9-30 a.m. Toddy shops in Salem town shall not be opened before 9 a.m. In Madras town specified toddy shops in the neighbourhood of mills shall not be opened before 7-30 a.m. No other shop or depot shall be opened before sunrise.

10. (a) No depot or shop shall be kept open after 8 p.m. except under special authority. Collectors may at their discretion order the closure of any depot at sunset and may on the report of the Police or for other sufficient reasons order the closure of any shop at an earlier hour if they consider such a course to be advisable in the interests of the public. The Commissioner may for sufficient reasons order the general closure of any kind or kinds or all kinds of licensed premises at any earlier hour than 8 p.m.

(b) With the previous sanction of the Commissioner, Collectors are authorized (i) to notify at the time of the auction that specified shops will be closed on the occasion of specified festivals, and that the hours of sale at specified shops which are in the neighbourhood of a market or shandy will be limited on market days generally or that they will be liable to limitation on such occasions by orders issued during the currency of the lease, if it is found that the shops promote drunkenness, (ii) to order the closure of specified shops in the neighbourhood of factories, mills and other places, where large numbers of operatives assemble, from 11-30 a.m. to 1-30 p.m. on week days, on the afternoons of pay days and at all hours on Sundays except between 11-30 a.m. and 4 p.m. A special condition embodying these restrictions or liabilities will be inserted by the Collector in the licences granted to the renters of all such shops.

NOTE.—In Madras town, specified shops in the neighbourhood of mills will be closed on ordinary working days from 11-30 a.m. to 1 p.m., on pay days from 11-30 a.m. to 1 p.m. and from 4 p.m. to 8 p.m. and on Sundays and such Mill holidays as are festival days at all hours except between 11-30 a.m. and 4 p.m.

(c) The closing hour of hotels in the Nilgiris is 10 p.m.

(d) The closing hour for refreshment rooms, hotels and hotel bars in Madras town is 10 p.m. The Collector of Madras and the Commissioner of Police, however, may jointly permit the extension of the time to 11 p.m.

(e) 9 p.m. is fixed as the general closing hour in the case of Railway refreshment rooms. Collectors are authorized to note in the licences the particular hours after 9 p.m. during which such licensed premises may be kept open for the sale of liquor to bona fide travellers only with reference to arrival and departure of trains. Collectors may alter these hours during the currency of the licence with reference to any alteration in the Railway Time Tables.

16. No liquor, opium or intoxicating drug shall be sold on shops except for cash. The licensee shall be bound to give intimation of the offer of anything other than cash to the nearest Magistrate or Police officer. 17. No liquor, opium or intoxicating drug shall be sold either below or above such minimum * or maximum† prices as may be fixed for sale of the same in accordance with the law for the time being in force.

In the event of suspension of a licence for failure to pay arrears, the privilege of sale will be resold with effect from the date of issue of the licence to the new purchaser, or otherwise disposed of at the Collector's discretion. Disposal of the privilege of sale otherwise than by resale includes also closure of the shop or tavern. All losses on account of suspension and resale or other disposal of the privilege shall be borne by the defaulting licensee and shall become due immediately on resale or other disposal of the shop; but the defaulting licensee shall have no right to any gain which may accrue. The whole of the deposit, if any, made by the licensee shall be liable to forfeiture. The officer who has power to suspend the licence may at his discretion allow leave to continue pending resale or other disposal of the privilege.

27. No privilege of supply or vend shall be sold, transferred or sub-rented without the Collector's, or in the case of a supplier under the contract distillery supply system, the Commissioner's previous permission. Nor, if the Collector so orders, shall any agent be appointed for the management of any such privilege without his previous approval.

29. Such returns and information as may be required by the Divisional Officer from time to time shall be furnished by holders of licences.

30. Licensees are bound to report to the Divisional Officer all instances which come to their knowledge of persons employed by them in the manufacture, transport or sale of liquor, opium or intoxicating drugs, committing breaches of the Abkari / Opium laws and to comply with the Divisional Officer's orders respecting the continued employment of such persons.

Police officers will also make inspections when it comes within the scope of their duty.

35. All officers authorized to inspect depots and shops are authorized to detain any liquor, opium or intoxicating drugs found unfit for consumption or

use or which they may believe to have been tampered with in any of the ways referred to in condition 12 and all Collectors and Assistant Commissioners of the Excise Department are empowered to confiscate, or destroy such liquor, opium or intoxicating drugs.

34. An inspection note-book, in the prescribed form (G-10), shall be maintained for the use of inspecting officers and shall be handed over to the Inspector of the circle or to any officer authorized by him to receive it on a receipt being given therefor.

37. (1) If a licensee or any person in his employment is convicted by a competent court of any offence against the $\frac{\text{Abkari}}{\text{Opium}}$ Act or of any offence under the Indian Penal Code which in the Collector's opinion renders it desirable to cancel the licence or if it is brought to the notice of the Collector that the licensee has been convicted by a competent court of any such offence prior to the grant to him of the licence, the Collector may direct that the licence shall be cancelled and the privilege be resold or otherwise disposed of at the risk of the licensee and may further direct, if he considers it necessary to do so, that any deposits made by the licensee shall be forfeited.

(2) Infraction of any of the conditions of the licence by a licensee or by any person in his employment will render the licensee liable either to be prosecuted and on conviction dealt with under clause (1) or to fine not exceeding Rs. 50 or to cancellation of licence and resale or other disposal of the privilege at the risk of the licensee and if considered necessary by the Collector to forfeiture of deposits. The rent for the whole lease shall become due at once when a lease is cancelled under this or the preceding rule.

(3) When a licensee holds more than one licence granted under the Abkari or Opium Act and when any one of these licences is cancelled under clause (1) or (2) above or under the special conditions applicable to ganja or opium shop licences, the Collector, at his discretion, may direct that any or all of the other licences under the Abkari and Opium Act held by the licensee shall be cancelled and the several privileges be re sold or otherwise disposed of at the risk of the licensee and, if necessary, may further direct that any deposits made by the licensee shall be forfeited. The rent for the whole lease shall become due when a licence is cancelled under this rule.

NOTE.—For continuing breaches of a licence, continuing fines may be imposed.

38. Any sum due by a licensee may be adjusted from the deposit, if any, made by him or collected under the Revenue Recovery Act as an arrear of land revenue. The licensee shall be bound to replace any sum adjusted from his deposit within fifteen days of receipt of notice from the Tahsildar or Deputy Tahsildar in independent charge.

39. Interest on all moneys due shall be payable at the rate of 6 per cent per annum.

40. Collectors may at the commencement of the lease order the transfer of depots and shops from one locality to another or the closure or the opening of depots at their discretion. They may also order the closure of shops within limits as to the number to be fixed by the Commissioner. No new shops should be opened and no shops once closed permanently should be reopened unless the previous sanction of the Commissioner is obtained and unless notice of the sites selected has been published in the District Gazette six months before the commencement of the lease. No such changes as affect the interest of adjacent shopkeepers shall be made during the currency of a lease except under special sanction of the Commissioner. A Tahsildar may at any time permit or order the transfer of a shop within the limits notified for the shop in the sale notice.

41. The right is reserved to the Collector to grant 'occasional licences' for the sale of liquor, opium and intoxicating drugs on the occurrence of fairs, festivals, etc., in places in the vicinity of which there are no regularly licensed shops. Such licences should be issued only when absolutely necessary and shall ordinarily be granted to the shopkeepers who usually supply the locality or in rented areas to the representative of the renter. The licences shall run only for such period not exceeding ten days as they are actually required. Not more than one license shall be issued for a fair or festival without the sanction of the Commissioner. The fees to be paid for the licences shall be fixed at the discretion of the Collector.

Conditions applicable to Toddy Licences.

1. The privilege conferred extends only to the sale of toddy.

2. Toddy required for sale should be drawn under separate tree-tapping licences to be obtained under the tree-tax rules from toddy trees in the tract in which the shop is situated or in any other tract in which the rates of tree tax are not lower, subject to the discretion of the officer granting transport permits.

3. No toddy, except the produce of trees for the tapping of which a licence has been issued, shall be kept in the shop, offered for sale or sold.

4. The Collector will fix the minimum number of trees to be entered in original applications for tree-tapping licences.

5. The licence confers no right to the free use of any trees.

6. Arrangements for tapping private trees must be made with the owners thereof and tree-tax at the prescribed rates paid thereon.

7. The licensee shall be responsible to Government for all payments of instalments of fees due on account of tree-tapping licences granted on his application in his own name or in the names of his nominees under the conditions set forth thereon and in the rules relating thereto.

8. Toddy may be imported from His Exalted Highness the Nizam's Dominions for sale in toddy shops in the Bellary district on payment of a transport duty of three annas for every five seers or part of five seers.
